**TRANSITIONING** TO THE FUTURE

## Transitioning to the future

### **Our Purpose**

Pursuing excellence in care and heritage

#### **Our Values**

Respect

Care

Honesty

### **Our Approach**

Creating RAAFA communities open to all.

In 1929, former members of the Australian Flying Corps (AFC), established an Association in Perth, Western Australia to maintain their comradeship and recreate the spirit of solidarity and selflessness experienced during WWI.

The Australian Flying Corp Association evolved into Royal Australian Air Force Association Inc, and in January 2019, changed its name to Air Force Association (Western Australian Division) Incorporated, trading as RAAFA.

Today, RAAFA is a dynamic organisation providing support services to veterans and their families as well as being one of WA's largest and most trusted not-for-profit retirement living, residential care and community service providers.

#### **Acknowledgement to Country**

RAAFA acknowledges the traditional owners of the land and country where we live and work. We pay our respects to their ancestors and Elders past and present.

## President's message

Whilst the challenges facing the Association have not diminished, we have experienced one of the most exciting years in the last decade.

Our Association has experienced a period of substantial growth and development over the last 10 years under the guidance of CEO John Murray, who retired on 30 June 2023. On behalf of the Division Council and everyone at RAAFA, I'd like to sincerely thank John for his decade of dedicated service, leading and

I am delighted to welcome the incoming CEO. Michelle Fyfe. Former WA Police Assistant Commissioner and CEO of St John Ambulance in WA. Michelle has an incredible skill set and leadership qualities. Her commitment to service and to the most vulnerable in our society strongly align with RAAFA's values and I am delighted that she has agreed to lead our

 A Special General Meeting held in October 2022 to support the adoption of new Rules (Constitution) for the Association. The changes were necessary to comply with regulatory changes, the new Aged Care Act • The redevelopment at AFME in Bull Creek and requirements of the Australian Charities and Not-for-Profit Commission, bringing RAAFA in line with current business standards.

The changes have also seen the broadening the introduction of Service Membership. Another step towards strengthening our veteran and service link.

remains as a priority, however increasing costs continue to impose restraint on progress. We are working through options to achieve the development of Stage 6,

- A Tornado GR4 the only aircraft of its type in Australia is now officially on display at the Aviation Heritage Museum in Bull Creek. February 24 was an auspicious day for RAAFA, as we celebrated the culmination of more than four years of preparation, planning and hard work and saw the official handover from the Royal Air Force, Chief of Air Staff, Sir Michael Wigston KCB, CBE, ADC.
- In addition, an F/A-18 Hornet has found a new home, arriving at the Aviation Heritage Museum in March. A team from Boeing unloaded and carefully maneuvered it to its new home
- Some years ago, it was suggested that a memorial to WA-born personnel who served and sacrificed through Australia's participation in the Korean War should be established in Kings Park. Five years on, the memorial has been built to coincide with the 70th anniversary of the signing of the armistice ending the conflict on 27 July 1953. RAAFA has been involved in this project, made possible as a result of funding via the Federal and State Governments, the Korean Government and contributions from community and business entities. The memorial features a stone from the battle site of Kapyong in Korea.

 RAAFA's Andrew Russell Veteran Living (ARVL) housing initiative, will provide transitional housing and connection to professional support services for veterans who are homeless, or at risk of homelessness, and is based on a successful program in South Australia.

The recent purchase of an adjoining block of land in Cannington will enable our vision to come alive, with the Division Council optimistic that funding will come together and allow construction to commence.

It has been an exceptional year. Our thanks go to our Division Council and the sub-committees, the executive leadership team, our caring staff, volunteers and RAAFA members for your contributions to this great organisation.

Clive Robartson AM

## Foreword from the CEO

RAAFA is an organisation with a rich history and heritage, having been part of the fabric of Western Australia since 1929. It is an honour and privilege to be the new Chief Executive Officer of RAAFA and I am excited to be part of this organisation's bright future, after the long-standing tenure of the highly respected and beloved John Murray.

RAAFA is a strong organisation, with amazing people, built on a solid foundation of dedication, diligence and teamwork - all the things that make me proud to be here.

We live in challenging times and older West Australians who have built our nation and our families, deserve the very best as they age.

Likewise, the committed men and women of our defence forces who have given significant service to our country. As they move from their life within Defence into community life, it is important that we are there for those who may benefit from help during their transition.

Our values of respect, care and honesty guide us as we continue to excel at taking care of the people who have always taken care of us.

I look forward to the year ahead with excitement, enthusiasm and great pride.

Michelle Fyfe APM

9 | 2023 ANNUAL REPORT | 10

# **22**

## Year in review

#### **Accreditation excellence**

As a consequence of successful accreditations, RAAFA's five residential care homes have been reaccredited for another three years by the National Aged Care Quality and Safety Commission, having met all standards with no recommendation for improvements.

"Our dedicated, tight-knit teams work together as one big family, bonded by the indisputable belief that everyone we support deserves to feel happy, safe, valued and respected." - Janice Vickery, Quality Coordinator

#### Celebrating 20 years

In 2003 Erskine Grove officially opened. Today, along with the estates 23 original and current residents, we celebrate the last two decades.

"We were the first residents to move in and I remember holding social afternoon teas at each other's houses and dinners at the club house. Also, we didn't have any rubbish collection organised and had to use the local shopping centre bins." - Barry Doherty

#### Tornado GR4 handover

"The sentiment behind the handover of the Tornado GR4 by the RAF to RAAFA is one of generosity and a deep friendship and partnership between not just our air forces, but also our nations.

Indeed, today has been a real thrill and a unique blend of joy, excitement and deep emotion. As an aviator, a previous chief of the Royal Australian Air Force and a proud Australian, I feel honoured to be part of this momentous occasion."

- Mel Hupfeld OA DSC, Air Marshal (Retired)

#### Decade of service

Inclusive, fair-minded, collaborative, considered and visionary - these are just some of the words used to describe John Murray who retired as RAAFA's CEO on 30 June, after 10 outstanding years.

"John has a unique ability to work with people at all levels, he's a creative thinker and, under John's leadership, people always come first." - Tonia Zeeman, Chief Operating Officer

"Without doubt, under John's guidance, RAAFA has become one of the few successful aged care, home care and retirement living providers and is recognised for excellence Australia-wide."

- Clive Robartson AM, RAAFA Chairman and President

11 | 2023 ANNUAL REPORT 2023 ANNUAL REPORT | 12

## **Ensuring our financial** health & sustainability

#### Ensure RAAFA's sustainability

#### Highlights

- Prepared for the introduction of the new Australian National Aged Care Classification (AN-ACC) funding model for residential care which commenced on 1 October 2022 and have closely monitored its impact
- Preparation for the introduction of Total and Registered Nurse minutes per resident per day targets which will commence on 1 October 2023
- As part of our sustainability plan for the future, RAAFA is looking at ways to reduce our carbon footprint. Our first initiative has been the installation of solar systems at our three largest • Implementation of a new finance system to residential care homes (Alice Ross-King Care Centre, Karri and Tuart Lodge and McNamara Lodge) adding an additional 500KW of solar power to these sites

#### Proactively identifying business opportunities arising from ongoing changes throughout the industry

#### Highlights

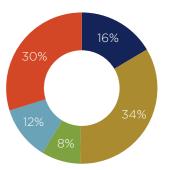

- Creating opportunities to access grant and fundraising possibilities
- Received two DVA Best Grants to assist in the operation of advocacy services
- Grant received from the ANZAC Day Trust for preparatory works at RAAFAs ARVL sites in Cannington
- enable flexible funding options for members and residents

# Building strength in our people through learning & growth

#### A skilled and engaged workforce

A strong focus on investing in our 830 valued employees

Investment in group and individual coaching, training at the point of care, formal training and continued development of our learning platform

Introduction of RN graduate and transition to practice program in partnership with the University of Notre Dame, ACCPA and the College of Nursing

Committed to developing leadership through tailored leadership programs

Increased focus on growing and developing our workforce

Investing in education and development

#### Nurture and sustain our desired culture

Individuals delivering excellent care and services to our residents

Recognising service and commitment

**40 Years Graham Hammond,**Grounds Supervisor - AFME

#### 20 years

Simon Elton-Bott,

Club Manager - AFME

June Patten,

Domestic - Gordon Lodge

Lisa Jones,

Domestic - McNamara Lodge

#### Recognising employees living our values

Over 150 nominations were received through our Appreciation Award Program, all aligned to our Values.

## Care

Respect

Keeping people safe and well at work continues to be our priority

Enhancing our safety and injury prevention programs

Introduction of a safety and risk management system

Investment in our culture of care, connection and community with passionate and supportive people is important

Investment in employee health and wellbeing - caring for people who care for people

#### Employee feedback

78% staff satisfaction

87% feel proud to work for RAAFA

**92%** committed to achieving the team goals

15 | 2023 ANNUAL REPORT | 16

# Leading & supporting operational excellence through internal processes

Creating flexible business systems and processes to support current and future operations

#### Highlights

- Implementation of new financial and resident management software (Epicor)
- Implementation of new procurement and contract management software (Coupa)
- Completed implementation of risk management, hazard incident, work health and safety system (CAMMS)
- Introduced customer feedback management system (CAMMS)
- Replacement of staff time and attendance system (Optima)
- Review of business systems, data repositories and reporting processes to ensure alignment with strategic objectives and best practice as well as identifying opportunities for improvement
- Phase 2 of the information and records management systems project

#### Effective governance

RAAFA is governed by the Division Council who, in accordance with the Rules, is primarily elected by RAAFA's members. The Division Council comprises of six elected members, three appointed members and the CEO as ex-officio.

#### Highlights

- Rules reviewed and updated to align with contemporary practice and approved by members at 2022 SGM
- By-laws updated to support the reviewed Rules
- Revised Division Council skills matrix
- Developing information security management system
- Reviewed project management framework

#### Clinical governance and compliance

RAAFA is committed to ensuring the delivery of safe, effective, and high-quality care and services while maintaining compliance with relevant regulations and standards.

During the reporting period, RAAFA demonstrated a strong commitment to clinical governance and compliance. Robust frameworks were established, and proactive measures were taken to ensure the organisation's clinical

processes and procedures adhere to the highest standards. By fostering a culture of continuous improvement, RAAFA achieved significant advancements in resident safety and quality of care.

#### Overview

RAAFA has a well-defined Care and Clinical Governance Framework with four strong pillars.

Effective Leadership & Workforce

Consumer Engagement

Clinical Effectiveness & Wellbeing

Safety & Risk Management

The framework ensures clear accountability and responsibilities across all levels of the organization.

#### In action

The Care, Safety and People Committee have met six times in the year to provide governance oversight of care and clinical operations across RAAFA and have commenced site visits.

All Division Councillors have undertaken the Directors' Online Masterclass, to ensure full understanding of their obligations as a Director of an Approved Provider.

#### Highlights

- Maintained strict adherence to legislative and regulatory requirements, ensuring compliance with the Aged Care Quality Standards and Aged Care Reform agenda
- All residential care homes fully complian following full accreditation reviews
- Consumer focused information display boards are now at all residential care locations
- Introduction of new electronic consumer feedback system
- COVID-19 outbreaks well managed and screening protocols revised to reflect a 'living with COVID' approach
- Reporting commenced 1 April 2023 for the new Mandatory National Quality Indicators
- Aged Care Services star ratings commenced December 2022, with average RAAFA ratings Stars

- Clinical pathways ten steps to clinical excellence developed and implemented
- Clinical portfolios developed and implementation underway in all residential care homes
- Strong focus on high impact/high prevalence clinical risks per location with clear continuous improvement actions
- Amalgamation and streamlining of consumer surveys with the objective of reducing consumer survey fatigue

#### Year ahead

- Recognition of the outcomes of the Royal Commission into Aged Care Quality and Safety and ongoing implementation of recommendations
- Establishment of a Consumer Advisory Body and Quality Care Advisory Body
- Embedding enhanced governance practices across all locations and at all levels
- Participation in the revised Aged Care Quality
   Standards Pilot Project

#### Data security and privacy

ensure compliance with data protection laws and alignment with information security best practices, safeguarding resident confidentiality and privacy.

## Growing the RAAFA community in response to our customer & member needs

**Grow the RAAFA community**
